INTRODUCTION

Welcome to Snow Bird, the exclusive hotel and ski resort tucked away deep within the scenic Rocky Mountains. This picturesque hot spot is where you'll find charming locals and attractive guests all looking for a good time. In the daylight hours, Snow Bird offers an array of winter sports, seasonal activities, and breathtaking views. But the real fun begins when the sun sets, and the nightlife kicks into high gear with clubs, restaurants, and hot tubs.

The story revolves around Brett and Becky, our two players who come to the mountain and all of a sudden find themselves in a hot dating scene where everyone has something to offer...

CHARACTERS

Brett

Brett comes to Snow Bird on a mission to seduce his lifelong friend Becky. But suddenly, girls are hitting on him left and right! How can he balance his goal, maintain his integrity, and not blow all this attention? As Brett, you have to bring your "A game" to get Becky, the hottest girl on the mountain.

Becky

Becky is on the mountain hanging out with her friends Erica and Kiki, getting over the trauma of her cheating ex-boyfriend. And she picked the right place, because she's found herself as the center of attention surrounded by lots of guys! As Becky, you have to mingle with fresh faces, handle tricky situations, and find the right guy.

The Crew

Lucas

Lucas is a man's man. He's a natural outdoorsman, running a successful adventure sports business at the resort, while he trains to be an Olympic snowboarder. When he's not busy working or tearing it up on the mountain, he's a hound for hot girls. Although his ripped body attracts them, it's just a matter of time until his mouth gets him into trouble.

Kiki

Who says brunettes can't have more fun? Kiki, short for Kirsten, is a rare breed: a party girl with class to boot. Her job as the events planner at the hot nightclub Sanctuary asks her to be what she already is: a social butterfly. Kiki's effortlessly sexy but hasn't been able to keep a steady boyfriend... perhaps because of her dark side?

Elliot

Handsome and wealthy, Elliot is super-confident and definitely in his element at Snow Bird. His family is loaded because they own a popular fashion line, in which Elliot is involved. Deep down, he's got a good heart, but on the surface he is a bit of a player and a showoff. His smooth moves and big spending usually work on the ladies, but he's had trouble getting past the first date.

Erica

Becky's good friend from home, Erica is shy and introverted, and as a result no one seems to notice her. Behind those glasses is a great girl—she just needs to learn how to flirt (without looking too eager). Erica has a lot to learn about dating, but maybe she'll find a way to get in on some of the action.

Sean

A little intimidating and a little bit of a loser, Sean is Becky's ex-boyfriend from college. He promised her the world, but after she walked in on him and another girl, Becky walked out. Now, working as a bouncer and occasional DJ at Sanctuary, Sean has vowed to get Becky back.

Leanne

A proper Southern girl with a mapped-out future and overly organized life, Leanne is cute, quirky, and rich. One of her main goals is to be head concierge at Snow Bird. A close friend to Conor and Elliot, Leanne is suspicious and jealous of Becky and all the attention she's garnering.

Danny

Brett's good buddy Danny is a funny guy, but a true friend first. He's an aspiring stand-up comedian, but his humor doesn't seem to keep him from always flying under the female radar. Time and time again, he appears destined to be the "just friends" guy when it comes to girls. Now, Danny is determined to break out of his funk and shake some action.

Alex

Not someone you want to cross, Alex is a scrappy, sporty local girl, who's been skiing on the mountain since she was four years old. She's also the most valued waitress at the Tap Room, a premier restaurant at Snow Bird. Under her rugged exterior is a passionate partier and more importantly, a loyal friend.

Conor

Conor is the resident bad boy and Snow Bird is clearly his stomping ground. After all, his father owns the mountain! He gets paid to party hard as the manager of Sanctuary. Whether it's because of his money or his good looks is unknown, but one thing is for certain: his success with women is unrivaled. Ever the playboy, Conor always has some girl on his arm, but he never commits.

Shana

Shana is the definition of free spirit. A hippie, a vegan, and photographer for Elliot, she is generous and laid-back. Her open-mindedness and approachability are refreshing, but often she comes across as flighty and indecisive.

GAME SCREENS

Main Menu

When you begin the game, the Sprung Main Menu loads. The Main Menu has three choices: Play, Extras, or Options. To scroll through these choices, use the +Control Pad, or touch and slide the stylus or your finger over them. To make a selection, press the A Button or touch your choice with the stylus or your finger on the Touch Screen (the lower screen). To go back at any point, press the B Button or touch the background of the Touch Screen with the stylus or your finger.

Play: Choosing Play brings you to the Select Character screen, where you can choose whether you'd like to play as Brett or Becky. Each character has a separate adventure with different levels. Use the +Control Pad to switch between these characters and the A Button to select a character. You may also use the stylus or your finger to choose a character by touching his or her picture. In addition, you will have the option to Clear Saved Data specific to either Brett or Becky by pressing SELECT and confirming with the A Button. Doing this will let you start from the first level of that character, but leave your Extras Menu intact.

Once you choose your character, the Mission menu loads. The top screen will show the current scene title, description, and objective. The bottom screen will show three options:

- **Start Scene:** Continue from the level where you left off.
- **Save:** Save your progress. After you have successfully completed a level, the Character menu loads and gives you this choice.
- **Quit:** Go back to the Main Menu.

Extras: The Extras menu contains all the extras you've unlocked in the game:

- **Museum:** See the items you have received or unlocked in the game.
- **Art Gallery:** View all of the pictures you have unlocked in the game.
- **Music:** Listen to the different themes you've unlocked in the game.
- **Credits:** View the game credits.

Options: The Options Menu lets you alter the music volume or the overall sound volume. You may also clear all saved data from both the adventures and the extras you have unlocked.

Discussion Screens

Bottom Screen: Shows your player and his/her Discussion Choices.

Top Screen: Shows the character you're talking to and what they are saying.

Item Screens

Bottom Screen: Shows your full inventory of items.

Top Screen: Shows a description of the item you have selected.
